## PROFILE

As a UI/UX designer with experience working in oyebusy and ugna, growing companies, I've developed a strong set of skills in rapid learning, communication, and project management. I have completed my Diploma in UI/UX Design from ITLH Institute, which has provided me a solid foundation for my career. I am currently looking for a job as a UI/UX designer specializing in logo design and web and mobile app design, I aim to grow in the field of UI/UX design by working on challenging projects and joining a supportive and collaborative team. To continue excellence. With my expertise in Figma, Adobe XD and wireframing, I am confident in my ability to create visually appealing and user-friendly designs.

## WORK EXPERIENCE

### UGNA'S Design

Sep 2023 - Present

UI/UX Designer

- As a UI/UX Designer at Uгна Design, I am responsible for creating visually appealing and user-friendly interfaces for web and mobile applications. Gather requirements, conduct user research, and create wireframes and prototypes to design intuitive and engaging user experiences. Using tools like Adobe Photoshop, Adobe Illustrator, Figma, and Adobe XD, I implement designs that enhance the user experience.
- During my time at Uгна Design, I have gained experience in wireframing, prototyping, and creating high-fidelity designs. I'm dedicated to staying up to date with the latest design trends and best practices to create innovative and impactful designs. I have also learned logo design, social media post, brand identity & guidelines, design system.
