

Abhishek Kumar Gauttam

Front-End Developer

I'm a WordPress, Shopify, and Next.js developer with experience in HTML, CSS, JavaScript, and Liquid. I also work with marketing automation tools like VBOUT, especially for email automation. Along with development, I handle client communication and ensure websites are optimized and user-friendly.

Education

- **High School** 2018
- **Rajasthan University** 2021
 - Bachelor of Arts

Experience

- **Web Development Internship (J2T Media Web Solutions)** Jun 2023 – Aug 2023
 - Worked on WordPress website development using HTML and CSS.
 - Assisted in website testing and troubleshooting.
- **Front-End Web Developer (PRP Webs)** Aug 2023 – Aug 2025
 - Developed and managed WordPress websites, handling design and functionality.
 - Implemented marketing automation using VBOUT, including email automation.
 - Handled client communication and project management tasks.
 - Performed website testing and quality assurance.
 - Worked with Shopify and used Liquid for basic modifications.
- **Front-End Web Developer/ Web Designer (Mtoag Technologies)** Sep 2025 – Current
 - Built and maintained frontend interfaces using Next.js.
 - Designed and customized Shopify storefronts with theme modifications using Liquid.
 - Optimized website speed and performance across Shopify, WordPress, and Next.js projects, improving page load times.
