Professional Experience:

June 2025 - Nov 2025 Management trainee

I started my professional journey as a Management Trainee contractually at JSW Utkal Steel with hands-on exposure to workforce management.

Since 8th September 2025, I have been associated with Kranti Engineering Enterprises, deployed at DURR India's JSW Paint Shop (construction phase), where I contribute to operational coordination and site execution support.

Project details

- Contributed to operational coordination during paint shop construction activities
- Assisted in material flow management and site-level activity tracking
- Coordinated with cross-functional teams to support project execution
- Supported vendor and contractor coordination for smooth site operations
- Monitored daily progress and maintained relevant documentation
- Helped streamline workflow by addressing routine coordination challenges
