EDUCATION

2021-2025 B.Tech (Computer Science and Business Systems) at JECRC University, Jaipur (8.71)

SKILLS

Technical skills: HTML, CSS, Javascript, ReactJS, DBMS(MySQL), Git and Github, SEO

Area of Interests: Front-end development, Handling Databases , Modern JavaScript Frameworks, Collaboration and Communication

PROJECTS

Pizza Sales Data Analysis | MySQL **January 2025**

- Designed and implemented a relational database for pizza sales, creating structured tables to store order details and product information effectively.
- Imported and preprocessed large datasets from CSV files into SQL tables for seamless data analysis.
- Executed SQL queries to calculate the total number of orders, providing a clear understanding of overall sales volume. Conducted detailed analysis of order details and prices to identify sales patterns and trends, helping to optimize pricing strategies.

INTERNSHIP EXPERIENCE

Anjaniputra Games **March 2024 – May 2024**
Front-end Developer Intern *Jaipur, India*

- Developed a visually appealing website using HTML, CSS, and JavaScript and successfully deployed the website to a live environment with a 100% success rate.
- Used Responsive Design principles for optimal viewing across devices, which increased time on the website by 70%.
- Secured the top position in Google search results by applying SEO strategies and Google Analytics.

Selcouth India Labs **February 2025 – June 2025**
Front-end Developer Intern *Jodhpur, India*

- Developed an Admin Dashboard using ReactJS, HTML, and CSS.
- Integrated a calendar feature using React to display and manage events, enhancing the functionality and practicality of the dashboard.
- Organized the project with a clean folder structure and reusable components, ensuring better readability and easy maintenance.

POSITION OF RESPONSIBILITY

HackerEarth community, JECRC University **November 2023- March 2024**
Outreach Lead *Jaipur, India*

- Guided and mentored a diverse student body exceeding 3000 at JECRC University. Led a 15+ member team in the HackerEarth community on campus.
- Conducted and facilitated 10+ sessions and workshops on various topics, including Game Development, LinkedIn and Web Development to create an engaging learning environment.

Google Crowdsourcing Community, Jaipur **July 2022- February 2023**
Core team Member *Jaipur, India*

- Implemented event marketing strategies that resulted in a 50% increase in event registrations and a 20% boost in event attendance, elevating the company's brand presence and industry influence.
- Mentored 100+ students at JECRC University, and got them to complete Google Learning Program from Google.
