<https://comkif.com>

Developed ComKiff, an online dry fruits retail platform. Created a visually appealing and user-friendly interface using modern front-end technologies to enhance the online shopping experience. Implemented responsive design principles to ensure optimal performance across various devices, driving customer engagement and sales.

- **VintageJaipur**

<https://www.vintagejaipur.com>

Vintage Jaipur earlier known as Samurai exports is located in Jaipur, India. Started back in 1975 with a small antiques shop, owned by Tarachand Goel. Influenced by Indian heritage, culture and architecture he started a small manufacturing unit which was converted to an authentic, visionary brand by his son Arun Goel and Grandchildren Akansha and Siddhant. Our signature style combines European classicism with a modern sensibility. Our furniture is inspired from many period styles, but our favorite is 17th and 18th century classics which reflect a level of honesty and integrity in our designs.

- **BrixcodeTechnologies**

<https://www.brixcodetechnologies.com>

Contributed to Brixcode Technologies, specializing in app development for iPhone, Android, Ionic, Flutter, and Kotlin. Developed mobile UI/UX for various on-demand solutions, including food & restaurant, e-wallet, taxi booking, grocery delivery, car wash, and e-learning applications. Delivered tailored solutions for industries such as banking, real estate, e-learning, travel, transportation, and eCommerce. Leveraged modern front-end technologies to create high-performance, user-centric mobile applications.
