## Mern Stack Developer

✉ rahuldagdi5756@gmail.com 📞 9358809096 📍 Gopalpura Jaipur Rajasthan (302018) [🌐 LinkedIn Profile](#) [🐙 Github](#)

### PROFILE

Frontend Developer with 1.5+ year of experience in designing, developing, and maintaining responsive web applications using React.js, JavaScript (ES6+), HTML5, CSS3, Bootstrap 5, and Tailwind CSS. Skilled in building reusable components, implementing responsive and mobile-first designs, integrating RESTful APIs, and optimizing application performance. Experienced in translating UI/UX designs into pixel-perfect, user-friendly interfaces and ensuring cross-browser compatibility.

Hands-on experience with backend technologies including Node.js, Express.js, MongoDB, and API integration for developing and supporting full-stack web applications. Proficient in Git/GitHub, version control, debugging, and collaborating within Agile development environments. Additionally experienced in Python web scraping, data processing, automation, and Streamlit dashboard development. Strong problem-solving, communication, and teamwork skills with a passion for developing scalable, high-quality, and business-focused web solutions.

### SKILLS

**Frontend Development:** React.js, Basic Next.js, Bootstrap 5, Tailwind CSS, jQuery, CSS3 Animations, Responsive Design, UI/UX Implementation, Material-UI, HTML, CSS, JavaScript

**Design & UI/UX Tools:** Basic Figma, Adobe Photoshop (Wireframing, Prototyping, UI Design)

**State Management:** Redux, Context API, useState

**Testing & Debugging:** React Testing Library, Chrome DevTools

**Build Tools:** npm, Yarn, Webpack (Basic), Vite (Basic)

**Version Control:** Git, GitHub

**Backend Development:** Node.js, Express.js

**APIs:** RESTful APIs, API Integration

**Database:** MongoDB

**Authentication & Security:** JWT, Password Hashing (bcrypt)

**Other Backend Skills:** MongoDB Aggregation (Basic), CRUD Operations, MVC Architecture

**Additional Skills:** Team Leadership (You led a team in previous projects) Problem-Solving & Algorithms Performance Optimization Responsive & Pixel-Perfect UI Development

**Basic Skill Languages:** C, C++, Python

### EXPERIENCE

#### Softhunters Technology Pvt. Ltd.

Frontend Developer | Dec 2025 – Present

- Developed responsive and interactive web applications using React.js, Next.js, JavaScript (ES6+), HTML5, CSS3, Bootstrap 5, and Tailwind CSS.
- Built reusable UI components and integrated REST APIs to deliver seamless and scalable user experiences.
- Collaborated with UI/UX designers and backend developers to develop high-performance web solutions.
- Optimized application performance through code optimization, responsive design, and cross-browser compatibility.
- Worked on dynamic dashboards, business websites, and client-based web applications, implementing new features and enhancements.
- Contributed to Python-based web scraping projects, data processing, and integration workflows using Streamlit and related tools.

#### Grass Solution

Mern Stack Developer (Aug 2024 - Nov 2025)

- Developed dynamic and responsive UI components using React.js, HTML5, CSS3, and Material-UI following mobile-first design.
- Optimized performance of web pages by implementing code-splitting, lazy loading, and minimizing bundle size using Webpack.
- Integrated RESTful APIs and collaborated with backend teams for seamless frontend-backend workflows.
- Applied Redux for managing global state and used Context API for component-level state sharing.
- Implemented unit testing using Jest and React Testing Library to ensure application stability and coverage.

### PROJECTS

#### Portfolio Page [🔗](#)

Developed a Web Page using React js, Tailwind CSS,

#### Netflix Clone, Website Front-end Design, Weather Api Web-App, Calculator [🔗](#)

Developed a Web Page using HTML, CSS, Bootstrap, JavaScript

#### Book Store Web Site, Blog Web Site [🔗](#)

Developed a Web Page using React js, Css, Tailwind CSS, Node.js, Express.js, mongoDB

#### Movie Ticket Booking [🔗](#)

Developed a Web Page using React js, Tailwind CSS, Node.js, Express.js, MongoDb Atlas, Clerk, Inngest

#### Kite Careers [🔗](#)

HTML5, CSS3, JavaScript (ES6+), Bootstrap 5, REST API Integration, Responsive Web Design, Git/GitHub

- Developed responsive web pages and user-friendly interfaces.
- Integrated APIs to display dynamic content and data.
- Ensured cross-browser compatibility and mobile responsiveness.

#### RT-Labs [🔗](#)

React.js, JavaScript (ES6+), Tailwind CSS, Framer Motion, Responsive Web Design, REST API Integration, Git/GitHub.

- Developed a fully responsive and animated website using React.js.
- Implemented smooth UI animations and interactive user experiences.
- Built reusable components and optimized performance across devices.

### Medurance Admin Panel – Hospital Management System [↗](#)

React.js, Material UI, JavaScript (ES6+), REST APIs, Git/GitHub

- Added new functionalities and implemented client-requested enhancements in a live Hospital Management System.
- Integrated REST APIs to fetch, manage, and display dynamic hospital and patient-related data.
- Improved existing modules, resolved functionality issues, and enhanced overall system performance and usability.

### Grover Cloth Store – E-Commerce Website [↗](#)

HTML5, CSS3, JavaScript, Bootstrap 5, Git/GitHub

- Designed and developed a responsive e-commerce website from scratch.
- Built reusable components and maintained clean, structured code.
- Optimized user experience and ensured mobile-friendly performance.

### Web Scraping Dashboard [↗](#)

Python, Streamlit, BeautifulSoup, Requests, Pandas

- Developed a scalable web scraping solution to extract, process, and manage data from multiple web sources.
- Built an interactive Streamlit dashboard for data visualization, filtering, and export functionality.
- Automated data collection workflows, improving operational efficiency and data accuracy.
- Processed and structured large datasets for analysis and business reporting.

### Lax Parking - Airport Parking Reservation Platform [↗](#)

JavaScript, Bootstrap 5, HTML5, CSS3, Cross-Browser Compatibility, Mobile Optimization, API Integration

- Developed responsive booking and information management interfaces.
- Integrated dynamic data through API connections.
- Enhanced UI/UX and optimized website performance for multiple devices.

### SoCalPark – Airport Parking Reservation Platform [↗](#)

HTML5, CSS3, JavaScript, Bootstrap 5, REST API Integration, Git/GitHub

- Developed responsive and user-friendly web pages for an airport parking reservation platform.
- Built reusable UI components and integrated dynamic data through APIs.
- Implemented booking-related interfaces and optimized the website for seamless user experience across devices.
- Ensured cross-browser compatibility and maintained clean, scalable code architecture.

## CERTIFICATES

### C Programming

ZeetronNetwork (IIHT)

### Web Development Internship

ZealCode PVT. LTD.

### Mern Stack Training and Internship

Grass Solution PVT LTD

## EDUCATION

2024	<b>Bachelor of Technology in Information Technology and Engineering</b>	AJMER, India
2020	<b>Senior Secondary</b>	Parbatsar Naguar
