

Radhika Sharma UI Frontend Designer

✉ radhika.sharma.frontend@gmail.com 📞 7424859946 📍 Jaipur, Rajasthan

SUMMARY

Creative UI/Frontend Designer with 3.9 years of experience specializing in building high-fidelity, interactive user interfaces using React. Expert in translating complex Figma and Photoshop designs into pixel-perfect, reusable component libraries using Tailwind CSS, Shadcn/UI, MUI, and PrimeReact. Deeply focused on SASS/SCSS, HTML5, and Bootstrap to create seamless user journeys and highly responsive layouts. Proven expertise in maintaining design systems, ensuring cross-browser consistency, and implementing Web Accessibility (WCAG) standards across large-scale web applications.

SKILLS

- **Core Technologies:** HTML5, CSS3, JavaScript (ES6+), React.js.
- **Styling & Preprocessors:** SASS, SCSS, Tailwind CSS, Bootstrap, CSS-in-JS.
- **UI & Component Libraries:** Shadcn/UI, PrimeReact, Material UI (MUI).
- **Design Tools:** Figma, Adobe Photoshop (Design-to-Code expert), Wireframing.
- **Performance & Standards:** ADA Compliance (Accessibility), WCAG, Web Performance Optimization, Lighthouse Audits, Cross-Browser Compatibility.
- **Tools & Version Control:** Git, GitHub, Bitbucket, JIRA, NPM, Dreamweaver.
- **Workflow & Methodology:** Agile, Scrum, Sprint Planning, Component-Driven Development (CDD), Design Systems.

PROFESSIONAL EXPERIENCE

Sarvika Technologies Pvt. Ltd, UI Developer 2022 – 2025 | Jaipur

- **Career Progression:** Rapidly promoted from Junior to Senior UI Developer based on consistent delivery of high-quality interfaces and the ability to lead complex UI modules independently.
- **End-to-End Product Delivery:** Spearheaded the development of a comprehensive Order Portal using React, Tailwind CSS, and MUI, transforming Figma wireframes into a fully functional and responsive application.
- **Component Architecture:** Developed and maintained a scalable UI Library using Shadcn/UI and PrimeReact, reducing development time for new features by 30% through reusable code.
- **E-commerce & Web Development:** Built several large-scale E-commerce websites using HTML5, SASS/SCSS, and Bootstrap, ensuring a seamless shopping experience and optimized mobile responsiveness.
- **Solo Project Leadership:** Independently designed and developed a 'Children Food Learning' website, handling the entire workflow from Figma-to-Code using HTML, CSS, and Bootstrap.
- **Performance & Standards:** Optimized web performance using Lighthouse audits and ensured all digital products met ADA Compliance and WCAG standards for accessibility.
- **Technical Lead & Collaboration:** Led client coordination and UI-focused sprint planning. Managed version control using GIT/Bitbucket and tracked development progress via JIRA in an Agile/Scrum environment.
- **Design System Maintenance:** Established and enforced CSS coding standards and modular SCSS structures to ensure design consistency across diverse project portfolios.

CERTIFICATES

Creative Minds Winner 2019 - Website Design

Awarded 3rd Place in the 'Website Design' category at the **Arena Animation** inter-institute competition.

EDUCATION

Diploma in Graphics and Web Designing & Development, Arena Animation

Bachelor's of Arts, S.S. Jain Subhod PG College
