### **PMKK Gems.**

As a Graphic Designer at PMKK Gems 22nd March 2022, I have honed my skills in graphic designing, image editing, and social media post video editing. I specialize in creating visually compelling designs that align with branding and marketing goals. My expertise includes professional image editing, such as color correction, retouching, and enhancing visuals for optimal quality. Additionally, I excel in crafting engaging social media post videos, incorporating motion graphics, animations, and sound to boost audience engagement. Throughout my tenure, I have consistently delivered innovative designs and edits that strengthened the company's brand identity and contributed to increased social media engagement through impactful video content.

### **Yash Raj Advertisers**

At Yash Raj Advertisers, I specialized in designing impactful flex banners, managing political advertising projects, and creating engaging social media posts. I focused on delivering high-quality designs and campaigns that effectively communicated messages and enhanced audience engagement.
