## Summary

Frontend Developer with a creative edge – 6 months of intensive mentorship, strong command over HTML, CSS, Tailwind CSS, and GSAP, with foundational knowledge of React. I don't just build websites, I craft experiences. Focused on modern design, smooth animations, and clean code.

## Skills

### Frontend:

HTML5, CSS3, JavaScript, Tailwind CSS, GSAP, React.js (Intermediate), Responsive Design

### Tools

Git & GitHub, VS Code

## Experience

### Sheryians Coding School

Bhopal

Frontend Mentor

6 Months

• **Mentored 30+ beginner-level students** in **HTML5, CSS3, Tailwind CSS**, and **Responsive Web Design** at Sheryians Coding School, Bhopal over a 6-month period

• Resolved GSAP animation queries and guided students through real-world frontend UI challenges, **helping them successfully complete their projects**

• Supported student growth in frontend development by providing structured doubt-solving sessions **across a batch of 30+ students**

## Projects

### 1. Dgmlink - Digital Marketing Agency

2 Weeks

• Designed and built a fully responsive Digital Marketing Agency website from scratch using **HTML5, Tailwind CSS, and JavaScript**

• Executed a clean and modern UI with smooth animations and a **mobile-first responsive** layout following best design principles

• Focused on professional aesthetics and user experience to **represent a real-world client-facing business website**

• GitHub: <https://github.com/yateshh03/Project-2>
